## SOUTH WINDSOR PUBLIC SCHOOLS

---

**VISION STATEMENT:** South Windsor Public Schools promotes an engaging and dynamic culture of learning that prepares students to achieve their own individual excellence. Within an emotionally safe environment, educators will foster students' academic, social and personal growth. Our students will demonstrate critical and creative thinking, self-direction, collaboration, adaptability, compassion and civic responsibility in an ever-changing global society.

**EQUAL OPPORTUNITY:** Each student is encouraged to develop and achieve individual educational goals. The district will provide every student with equal educational opportunities regardless of race, color, creed, gender, sexual orientation, gender identity or expression, national origin, religion, age, economic status, marital status, or disability. No student will be excluded on such basis from participating in or having access to any course offerings, student athletics, counseling services, employment assistance, extracurricular activities or other school resources. Programs and activities shall be accessible and usable by individuals with disabilities as prescribed by law. Assistant Superintendent Colin McNamara is the designated district compliance officer, who will coordinate compliance with the nondiscrimination requirements of Title IX of the Education Amendments of 1972 and Section 504 of the Rehabilitation Act of 1973.

**AMERICAN WITH DISABILITIES ACT AND SECTION 504 OF THE REHABILITATION ACT OF 1973:** Section 504 of the Rehabilitation Act of 1973 ensures support for individuals with disabilities. Individuals with disabilities are provided a free and appropriate education (FAPE), and are accommodated and employed without discrimination related to their disabilities. Section 504 prohibits discrimination against persons with disabilities (both students and staff members) by school districts receiving federal assistance of any kind for any program or activity. Districts may not discriminate against any person with a disability, regardless of whether the program or activity in which that person is involved receives federal funding directly. Should you have any questions regarding Section 504, please call either your child's school principal or the SWPS Civil Rights Coordinator, Asst. Superintendent Colin McNamara at (860) 291-1215.

**SCHOOL CEREMONIES AND OBSERVANCES:** The school district recognizes the value of certain ceremonies and observances in promoting patriotism and good citizenship among the students. Therefore, activities in schools commemorating national holidays such as Memorial Day, Thanksgiving and President's Day are encouraged. South Windsor Public Schools reminds students, faculty and administration of the variety of religious beliefs, and all are urged to be conscious of and respect the sensitivities of others. A list of holidays and cultural observances is available under the "Calendar" section of the website.

Students shall be given the option to be excused from participating in those parts of a program or curriculum involving a religious theme which conflicts with their own religious beliefs. If a parent or student has any questions regarding the use of religious music, artwork and/or symbols in a particular course/activity, the Building Principal should be contacted.

An opportunity will be provided toward the beginning of each school day for students to observe an appropriate period of silent meditation and to recite the Pledge of Allegiance. We believe that how each child spends this time in silent meditation is a personal and private concern; therefore, we ask parents to determine how your child will observe this period. Please discuss and instruct your child as to the manner in which he/she will observe this brief period of silent meditation. If you do not wish your child to participate please inform the principal so a proper accommodation can be provided.

**STUDENT RECORDS:** The records of students maintained at the individual schools are accessible to you under established procedures. Under the Family Educational Rights and Privacy Act (FERPA) of 1974, parents and eligible students are accorded the following rights regarding educational records: 1) inspect and review the student's education records; 2) request the amendment of the student's records to ensure that they are not inaccurate, misleading or otherwise in violation of the student's privacy rights or other records except to the extent that FERPA regulations authorize disclosure without consent; 4) file with the US Department of Education a complaint concerning alleged failures by the South Windsor Public Schools to comply with FERPA regulations; and 5) obtain a copy of South Windsor Public Schools policies for student records. The district's policy regarding FERPA and student records is included in the annual student information update, and is viewable on the district website under (District Information; Annual Notifications). Parents who wish to review records of their child should contact the building principal or the school counseling office. Students and parents who wish to release records to a third party must complete a Release of Information form available in the school counseling office.

**Directory Information.** Certain information about district students is considered directory information and will be released to anyone who follows procedures for requesting it, unless the parent objects to the release of any or all directory information about the child. Unless notified in writing by a parent or eligible student to the contrary, FERPA permits South Windsor Public Schools to disclose "Directory Information" concerning a student without the consent of a parent (or eligible student, as defined under FERPA). Directory Information includes information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. South Windsor Public Schools has defined "**directory information**" to include the following: student's name and address; major field(s) of study; participation in officially recognized activities and sports; and honors and awards received. This type of information would be used primarily for school-related publications such as a program showing a student's role in a drama production or concert; the annual school yearbook; honor roll or other recognition lists; graduation programs; and sports activity sheets when a student participates in athletics. Please note: if you check "No" on the annual student information update, your child's information will not be included in the aforementioned publications.

*Directory Information will not be released to a third party unless the release of such information is determined to be in the educational interest of the school district and is consistent with the district's obligations under state and federal law.*

**COMMUNICATION SYSTEMS &  
PROCEDURES**

---

One of the primary goals of South Windsor Public Schools is to be able to connect with parents, staff and students so they are well-informed. The district uses the **PowerSchool** platform and its suite of products to communicate with parents. As a web-based tool, PowerSchool and its components can be viewed either online or through a mobile app.

**Parent Portal** is the tool within PowerSchool that helps us foster communication between school and home. Parent Portal allows parents to view student grades and attendance; receive announcements and school bulletins; contact teachers through embedded email links; update student information electronically; and manage SchoolMessenger preferences. Parent Portal is a single access account which means that parents of multiple children can view information for all of their children through a single log-on. Once created, the Student/Parent Portal account will be used for a student’s entire time in South Windsor Public Schools. (Please note: the student version of this application is “Student Portal,” and students can view/access the same information noted above.)

The **SchoolMessenger** notification system uses phone and email to provide timely communication to parents and staff on matters such as school delays and closings, early dismissals, and school or district emergencies. The district will use the contact information on file to send messages to parents. Any communication received through SchoolMessenger will be the most reliable source of accurate information. Parents have the option to create an individualized contact profile and control the ways in which you prefer to be contacted. It also works like a mailbox, giving you a place to review messages you may have missed.

Finally, the **Student Information System** component of PowerSchool houses student profile data (i.e., emergency contact information and doctor/medical updates). All families are required to review and update the student information profile on an annual basis. This information is updated annually via Parent Portal. Parents must update this information online at the beginning of each school year, by no later than September 15. In addition to student data, parents are also asked to acknowledge certain policies and notifications mandated by law, also through Parent Portal. (A full list of these acknowledgments is available on the district website.) For students in grades 6 - 12, athletic registration for school sports is also completed online as part of the Student Information Update.

**Emergency Notifications/School Cancellations/Delays.** In addition to SchoolMessenger communications, information relating to school cancellations, delayed openings, and early dismissals will also be available from local media as well as the district website. Please do not call the media outlets, police department, or Board of Education Office for school closing information.

Students should have a plan for getting into their home when school closes early. In the rare event of emergency while school is in session (i.e., power failure, weather emergency, etc.), a protocol has been established in each school which will ensure the safety of all students and staff. In addition, emergency plans are in place with the SW Police and Fire Departments.

---

## CONTACT PROTOCOL

---

**Student Questions/Concerns.** One of the fundamental life-long skills we try to promote at the high school is student self-advocacy. To this end, we encourage students to directly seek out their teachers if there is an issue with a particular course. If a student needs assistance, he/she can seek out his/her school counselor. In most instances, the protocol a student should follow in resolving questions/concerns is in the order listed below:

- Approach the teacher; if the matter is not satisfactorily resolved, then
- Schedule an appointment with the curriculum leader; if necessary...
- Schedule an appointment with his/her administrator.

**Parent Questions/Concerns.** For questions regarding a particular class, parents should contact the teacher by phone or by email. (SWHS faculty emails and phone extensions are posted on the SWHS website.) School counselors are available if assistance is needed in communicating with a teacher. (For athletic issues, refer to the Athletic Handbook on the school website.)

From time to time, parents may wish to bring problems or concerns to the attention of appropriate school officials. Any concern regarding a school-related matter (i.e., questions regarding the content of instructional materials or homework assignments) should first be raised by the parent with the staff member most directly involved. If further assistance is required, the matter should be pursued in the order indicated below. (Appointments can be scheduled by contacting the office of the person(s) indicated.) The following are some examples of issues which are more appropriately addressed at the levels indicated.

<b>1. Teachers</b>	<ul style="list-style-type: none"> <li>• Homework assignments, quizzes, and tests;</li> <li>• Course content, instructional materials, academic progress, extra help;</li> <li>• Issues related to classroom discipline, relationships with other students and the teacher.</li> </ul>
<b>2. School Counselors</b>	<ul style="list-style-type: none"> <li>• Problems between school and home; teacher and student; student and other students;</li> <li>• Personal matters relating to student development, behaviors, interactions with others;</li> <li>• Course selections and student schedule;</li> <li>• College placement and career information.</li> </ul>
<b>3. Curriculum Supervisors</b>	<ul style="list-style-type: none"> <li>• Student placement issues (in a class, program, instructional level);</li> <li>• Curricular, instructional and programming concerns (athletics, music, drama, etc.);</li> <li>• Complaints, dissatisfaction, or concerns regarding school personnel.</li> </ul>
<b>4. Principal/ Associate Principals</b>	<ul style="list-style-type: none"> <li>• Any issue arising out of a school building when no other staff member can be specifically identified;</li> <li>• Matters related to the physical plant;</li> <li>• Student records; school-wide discipline issues; bus conduct issues.</li> </ul>
<b>5. Superintendent/ Central Office</b>	<ul style="list-style-type: none"> <li>• Questions regarding school board policies and administrative procedures;</li> <li>• School board meeting and agenda items;</li> <li>• Any school system records or documents;</li> </ul>

	<ul style="list-style-type: none"> <li>• Hiring and supervision of staff;</li> <li>• Complaints, dissatisfaction, or concerns regarding school personnel or services which have not been resolved at the principal's level;</li> <li>• Transportation matter (if not resolved by transportation coordinator/business manager).</li> </ul>
<b>6. School Board</b>	<ul style="list-style-type: none"> <li>• Matters pertaining to policy (class size; student field trips; fund-raising activities, etc.);</li> <li>• Complaints regarding the superintendent;</li> <li>• School board minutes and agenda items (chairperson of school board);</li> <li>• Budgetary matters; long-range planning (facilities, programs, etc.).</li> </ul>

We urge parents to use the progressive steps outlined above as most problems can be addressed satisfactorily by the teacher or other staff member most directly involved. Starting “at the top” inevitably results in no decision and the matter being referred to the staff member most directly involved.

**Duplicate Mailings to Non-Custodial Parents.** Non-custodial parents may submit a written request to the school counseling office asking to receive copies of mailings pertaining to school information, including report cards, school newsletters, etc. It is the custodial parent’s responsibility to notify and provide legal documentation to the school if a non-custodial parent does not have the right to information from the school.

**Telephone Calls.** Students may not use school phones in the classrooms to make a call without permission. If students need to use a phone during their lunch period or before or after school, they may use the phone in the main office. Students and parents are reminded that cell phone use is prohibited during school hours.

## EXCUSED/UNEXCUSED ABSENCES

---

Regular attendance at school is essential for an effective educational experience. Absence from school has a direct effect upon educational growth and is linked significantly to academic achievement; excessive absenteeism from class keeps students from fully participating in the learning process. Connecticut state law requires parents to make sure that children between the ages of 5 and 18 attend school regularly. A student is considered to be “in attendance” if present at his/her assigned school, or an activity sponsored by the school (e.g., field trip), for at least half (four hours or more) of the regular school day. A student who is serving an out-of-school suspension or expulsion will be considered absent. Any student who is not “in attendance” is considered absent.

### EXCUSED AND UNEXCUSED ABSENCES

The state has established criteria to determine whether an absence is “Excused” or “Unexcused.” Simply stated, absences one through nine are considered “Excused” when the student’s parent/guardian contacts school personnel and approves the absence. However, the tenth and all other absences thereafter will only be “Excused” for specific reasons and only when appropriate documentation is provided to the school. All documentation must be provided within ten school days of the student’s return to school or in accordance with C.G.S. Section 10-201.

Parents are strongly encouraged not to condone any absence from school for reasons other than those recognized below, as unexcused absences will have an effect on a student’s grades. Parents are strongly discouraged from taking students out of school for vacation purposes during the regular school year.

Level	Total # of Days Absent*	Acceptable Reasons for a Student to be Considered Excused
1	1 – 9	Any reason that the student’s parent or guardian approves.
2	10 and above	<ul style="list-style-type: none"> <li>• Student illness (with documentation from a medical professional)</li> <li>• Student’s observance of a religious holiday</li> <li>• Death in the student’s family or other emergency beyond the control of the student’s family</li> <li>• Mandated court appearance (additional documentation required)</li> <li>• Lack of transportation that is normally provided by a district other than the one the student attends</li> </ul>

\*The total number of days absent includes both excused and unexcused absences.

**College visits:** While it may be necessary for students to miss school to attend a college visit, those absences are considered Level 1 absences toward the attendance cap.

**Truancy.** Any student, eighteen or younger, who has four unexcused absences from school in any one month, or ten unexcused absences within a school year, is considered truant and will be referred to the courts. (For further information regarding Truancy, refer to BoE Policy 5113.2(a).)

---

## A B S E N C E S & L O S S O F C R E D I T

---

**Attendance Cap.** In order to receive course credit, students must be present for class. For this reason, there is a limit on the number of allowable absences in a course; these limits are known as an “attendance cap.”

- In a **one-credit (full year) class**, any student who accumulates **16 absences** will be denied credit for that course.
- In a **half-credit (semester) class**, any student who accumulates **8 absences** will be denied credit for that course.
- In a **quarter-credit class**, any student who accumulates **4 absences** will be denied credit for that course.

Except for the reasons identified in Level 2 above, all absences from class will count toward the attendance cap, regardless of whether the absence is excused or unexcused. Additionally, tardies of more than 5 minutes from a class period **for an unexcused reason** will be coded as “TDY 5 Min” in PowerSchool and **will count** toward the attendance cap. This carries the same penalty as an unexcused absence, and counts as a full class absence against the attendance cap.

Although **Level 1 absences** for health reasons without documentation may be excused, they **do** count toward the attendance cap unless the absence is coded as “**Illness**.” Absences will be coded as “**Illness**” only when a doctor’s note is submitted to the main office with dates of absences listed in writing. Absences to be coded as “**Illness**” must be approved by an administrator, and will not count toward the attendance cap.

**Attendance Review:** Near the end of the semester, the building administration will conduct an attendance review for each student who might lose credit in a course as a result of excessive absence. Such review shall occur before the credit is removed.

**Appeals:** If a student is passing a course but has lost credit due to exceeding the attendance cap, he/she may appeal by using the procedure below:

- 1) The student should complete a “Class Attendance Appeal Request” form and submit this to his/her associate principal’s office no later than ten days prior to the end of the semester. Appeals typically occur near the end of the semester.

- 2) Appeals must be based on unusual mitigating circumstances. If the mitigating circumstances are of a medical nature, the student must provide a written explanation of the circumstances from a physician.
- 3) The appeals board will consist of one administrator, a school counselor, and a teacher. The administrator shall notify the student and the student's parent or guardian of the date of the appeal meeting.
- 4) The decision of the appeals board shall be rendered in writing within 3 school days of the appeal meeting. The decision of the board is final.

**Impact of Loss of Credit:**

- Grades earned by students in courses for which they lose credit due to excessive absences will be recorded on their high school transcript with a notation of "NC" (No Credit).
- An "NC" will count as a "0" and be calculated as part of a student's GPA (grade point average).

Any student who loses credit in a class must continue to remain in the class in order to be eligible for a credit recovery program. Students must be diligent about their attendance and initiate the appeals process if credit reinstatement is desired. Parents are highly encouraged to track attendance totals through their Parent Portal account on PowerSchool throughout the school year.

## ATTENDANCE & ABSENCE REPORTING

---

**Reporting an Absence or Tardiness.** Parents/guardians are requested to call South Windsor High School at (860) 648-5005 before 9:00 a.m. to report absences or to confirm tardiness. Please state the student's name, date(s) of the absence, reason for absence, parent/guardian name, and phone number where parent/guardian can be reached. In lieu of a phone call, students may bring in a written note signed by parent/guardian within ten days of absence. All notes should include the same information as outlined above.

**Make-Up Work.** A student who has missed class is expected to make up all school work. **Students should make arrangements with his/her teachers for making up assignments on the day he/she returns to school.** Students are expected to complete such work within a reasonable period of time, generally five school days.

**Unverified/Unexcused Absences.** Any time a student is absent from class or school without any notification from a parent or guardian, the absence will be marked "UNV" (Unverified). Once the absence is verified by a parent or guardian, the absence will either be coded as "EX" (Excused) or "UNX" (Unexcused), per BoE policy. By default, any absence that is not deemed to be excused is unexcused. Students with unexcused absences are expected to make up missed work, but may or may not receive academic credit for the work. Teachers may record a grade of zero for any assignment or assessment missed during an unexcused absence. (Please note, both "EX" and "UNX" absences count toward the attendance cap.)

**Tardiness.** All students who arrive tardy to school must check in at the main office prior to attending class. Teachers will admit tardy students to class. However, if the student cannot present a signed student planner excusing the tardiness, the tardiness will be considered unexcused and the student may receive a grade of zero for any assignment or assessment missed during the absence. Students with excessive tardies will be subject to disciplinary action.

**Students who are tardy by more than 5 minutes for an unexcused reason will be coded as "TDY 5 Min."** This carries the same penalty as an unexcused absence, and counts as a full class absence against the attendance cap. A teacher detention will be assigned for unexcused tardies; excessive tardiness will be referred to administration for further disciplinary action.

**Class Cuts.** When a student is present in school but misses more than 5 minutes of a class period without proper documentation, that absence may be considered a class cut. The first class cut will result in a teacher detention and a teacher phone call to the parent. Additionally, any drastic changes in

attendance that appear to be unverified will be brought to the parents' attention via email or phone call. Teachers will report additional class cuts to administration who will take appropriate disciplinary action. Any graded assignment or assessment missed when cutting class may be recorded as a "zero."

**Co-Curricular Activity or Athletic Event.** Students who are absent from school, or who are dismissed from school for reason of illness, may not participate in ANY after school activities (club meeting, concert, or dance) or athletic events (game or practice) on the day of the absence, unless prior administrative permission is granted. Students must be in school for a minimum of four (4) hours during the school day or they will be considered absent.

For events such as senior reception or prom which occur on the evening of a school day, students must attend a minimum of 4 hours in order to attend that evening's event. When a school event such as prom occurs on a Saturday, students must attend a minimum of 4 hours on the Friday before in order to attend. Students who are absent for medical reasons or extenuating circumstances must have administrator approval to attend along with relevant documentation.

**Dismissal from School.** A student is not allowed to leave school before 2:00 p.m. unless approved by an administrator, the nurse or one of their designees. Violation of this rule will require disciplinary action.

Generally speaking, students will not be dismissed before the close of school unless a written request is received from the parent BEFORE the early dismissal is desired. The student should bring the written request to the office before school starts. This note should contain the name of student, the date, the reason for early dismissal, the signature of parent/guardian, and a telephone number for verification purposes.

If the dismissal is entered into PowerSchool, students may leave directly from class but should sign in with the main office if they return to school prior to 2:00 p.m. If an extreme emergency arises and a student must be dismissed without prior notification, the parent/guardian must contact the main office before the student is released from school. Students and parents are reminded that cell phone use is not permitted while school is in session.

No student will be allowed to leave school with anyone other than a parent, guardian, or person designated by the parent. Identification will be required. Any student leaving school without first checking out will receive an unexcused absence and a zero for any work missed in each class.

**Early Release Privilege.** 11<sup>th</sup> and 12<sup>th</sup> grade students (who are not CWE students), and who are scheduled in a study hall during period 8 may apply for the Early Release Privilege. In order to obtain this privilege, students must submit an "Early Release Request Form" (signed by the parent/guardian) to the school counseling office. All requests are subject to approval by a school administrator. Students who have been granted the Early Release Privilege must leave the school immediately upon dismissal and may not return to school grounds until 2:00 p.m. Students choosing to stay on a particular day must sign in to study hall for that entire period. In the event that a student must take the bus home or wait for a ride, they must wait in the cafeteria; they may not leave the building or school grounds and return for a ride. Loitering inside or outside the building will not be tolerated and will result in disciplinary action.

**Students who are not in good academic and/or attendance standing may not be approved for the early release privilege. Students who receive a suspension (in school or out) or are failing one or more classes may have their early release privilege revoked for the remainder of the semester. In these situations the student will be placed in a study hall.**

**Incompletes.** When a student receives an incomplete on his/her report card, that student has ten school days within which to make up the work. Any incomplete work not made up within ten days will result in a grade of "zero" for the missed assignments. The ten school days allowed for make-ups begin

on the day report cards are issued. All fourth quarter incomplete work must be made up by July 1 unless other arrangements are made with the teacher and approved by an administrator.

Students who have incomplete grades because of extended illness will be allowed more time to make up incomplete work. The appropriate amount of time will be determined by the school counselor, associate principal, teachers and student.

**Withdrawal.** If a student is to be withdrawn from school, parents/guardians should notify the school office one week prior to the student leaving. Books and Chromebooks are to be returned and any other obligations should be taken care of at that time. Appropriate records will be forwarded directly to the receiving school upon request. Parents/guardians must sign the necessary release forms before records may be released. School records will not be released until all financial obligations are met.

## ACADEMIC INFORMATION

---

The South Windsor Board of Education conforms to state regulations regarding credits for graduation from high school. Graduation from the South Windsor Public Schools implies that all students have:

- Satisfied the prescribed courses of study;
- Satisfactorily demonstrated the district's performance standards;
- Fulfilled the mandated number and distribution of credits.

**Course Load Requirements.** Grade 9 and 10 students are expected to schedule a minimum of 7 credits each school year; grade 11 and 12 students are expected to schedule 6 credits each school year. Promotion to the next grade level is based upon accumulation of credits (see chart on page 17). Credits are accumulated when students successfully complete all course academic requirements. On-line courses do not count towards this credit total unless prior approval is granted.

Parents of students who do not have a full schedule are required to sign a form indicating they are aware that the student is a part-time student. Part-time students may not participate in extra-curricular activities and are not eligible for honor roll distinction.

**Credits.** Only courses taken in grades 9 through 12, inclusive, shall satisfy graduation requirements except that a student may be granted credit for the successful completion of coursework at an institution accredited by the Department of Higher Education or a regional accrediting agency. (Per state statute, one 3-credit semester course or its equivalent shall equal one-half high school credit.)

**Community Service.** South Windsor students may earn up to ½ credit for pre-approved, verified community service. Working in conjunction with an advisor, students will plan relevant and appropriate experiences to earn community service hours. Students must document the completed hours to be approved by the course advisor. Students choosing to pursue this option must complete a required orientation explaining the requirements, expectations, and guidelines for community service in advance of recording hours and earning credit. Students who complete 50 approved, documented hours will receive ½ credit. This will be reflected on the student transcript as a pass/fail course.

**Capstone:** Capstone is a pass/fail course. All students must complete a 1 credit Capstone project order to graduate South Windsor High School.

**Study Halls:** All 9<sup>th</sup> grade students with a study hall in their schedule will be assigned to a classroom location. Any upperclassmen with academic or attendance issues may be assigned to a structured study hall.

**Alternative Education Program:** In the fall of 2017, additional details will be available on the high school website.

**District Performance Standards.** In addition to meeting credit distribution requirements and in order to qualify for graduation, South Windsor students must demonstrate completion of the district's performance standards through the following criteria:

- A. Demonstrate competency on the literacy and mathematics section of the required high school state assessment
- B. If the required state assessment targets are not met, the high school administration may identify alternative criteria to determine completion of the district's performance standards.
- A senior who is not eligible for graduation with his/her class as a result of his/her inability to meet the district performance standards is required to enroll in a program specifically designed to demonstrate proficiency. Successful completion of the program and related alternative assessments will meet the district performance standards requirement.
  - A student who transfers into South Windsor High School from another Connecticut public high school in his/her junior or senior year and has met the standards from the sending district will satisfy the South Windsor district performance standards. A student who has not met the standards of the sending district will be required to meet the South Windsor district performance standards.
  - A student who transfers into South Windsor High School after completing at least three years in a private high school or an out-of-state high school will have his/her student records and transcripts reviewed by the appropriate curriculum specialist or curriculum program coordinator. As a result of the review, a determination will be made as to whether or not the student will be exempt from the district's performance standards. A nonexempt student will be required to meet the South Windsor district performance standards. Parents and students will be informed by the school counseling offices as to what requirements still have to be met in order to graduate from South Windsor High School.

**Notification to Parents/Guardians:**

- A letter detailing the academic and performance requirements will be mailed to all incoming freshmen, transfer students and their parents/guardians.
- Achievement of proficiency standards will be recorded on report cards, which will be mailed to parents/guardians.
- Required high school state assessment results will be mailed to students and parents/guardians upon release of the scores from the Connecticut State Department of Education.
- At the end of a student's junior year, a written communication will be sent to parents/guardians of junior students outlining credits achieved and requirements still needed for graduation.
- At the end of the first semester of a student's senior year, a certified letter will be sent to parents/guardians of seniors who are in danger of not meeting all graduation requirements.

**Marking System.** South Windsor High School calculates a weighted and unweighted GPA but does not maintain or publish a student's rank.

Unweighted GPAs are calculated each marking period to determine honor roll status and athletic eligibility.

Weighted GPAs will also be calculated for students at the end of each school year. The weighted GPA will be cumulative throughout high school and will be reflected on transcripts and information sent to colleges. Courses at South Windsor High School are offered at different levels and weighted GPAs allow students who take higher level courses to earn additional GPA points based on the following chart:

	A	A-	B+	B	B-	C+	C	C-	D+	D	D-	F
CP	4.00	3.67	3.33	3.00	2.67	2.33	2.00	1.67	1.33	1.00	0.67	0.00
Honors	4.33	4.00	3.67	3.33	3.00	2.67	2.33	2.00	1.67	1.33	1.00	0.00
AP	4.67	4.33	4.00	3.67	3.33	3.00	2.67	2.33	2.00	1.67	1.33	0.00

**Grades Reflected on Report Cards.** For the purpose of averaging term grades, final exam marks, and final grades, the following numerical and letter grade scale is used:

<b>Excellent</b>	<b>Very Good</b>	<b>Average</b>	<b>Poor</b>	<b>Failure</b>
93-100 = A	87-89 = B+	77-79 = C+	67-69 = D+	0-59 = F
90-92 = A-	83-86 = B	73-76 = C	63-66 = D	
	80-82 = B-	70-72 = C-	60-62 = D-	

The following letter grades may also appear on report cards:

**I** = Incomplete due to illness or extended absence \*

**EX** = Exempt

**NC** = No Credit due to attendance

**W** = Withdrawn

*\* Students have 10 days to make-up work before a report card grade is calculated. All fourth quarter incomplete work must be made up by July 1 unless other arrangements are made with the teacher through the school counselor and approved by an administrator.*

*For information regarding "Academic Probation," see the Athletic Academic Eligibility section of the Athletic Handbook.*

**Final Grades.** For full year courses, each marking period grade counts as 20% of a student's final grade, and mid-term and final exams each count as 10% in calculating a student's final grade. For semester courses, each marking period grade will count as 40%, and the final exam will count as 20%.

**Honor Roll.** In order to be on Honor Roll at South Windsor High School, students must carry a course load of no less than 6 *graded* courses in the current marking period (Pass/Fail courses, Capstone and independent study classes will not be included in these courses). Students must:

- Maintain a quarterly GPA of at least 3.0, with no grade below C-; or
- Maintain a quarterly GPA of at least 3.7, with no grade below B- to be on **High Honor Roll**.

For all departments except art, honor cords are awarded to students who have completed at least three courses in a single curriculum with an A- or better in each course. These can be either full year or semester courses completed by the end of the first semester of a student's senior year.

Art department honor cords are issued to students who are recognized by at least 2 of 3 judges as "Art Students of Distinction" at the Senior Art Show.

Capstone honor cords will be awarded to seniors based on a) student completion of all capstone related responsibilities by November 7, 2017 b) a rating of "highly successful" on the completed capstone project.

**Course Withdrawal/Dropping Courses.** A student who drops a course will receive a "W" on his/her permanent record, and a "W" in the marking period during which the course was dropped. This "W" is equivalent to an "F" when determining GPA.

**Final Exams.** Final exams or culminating experiences are administered at the end of all semester courses and all full year courses. Mid-year exams are

administered in January for all full year courses. Mid-year and final exam schedules will be published near the end of each semester. Exam days in both January and June are required school days. Students who are not scheduled for an exam are permitted to stay home during those exam blocks. Vacations and other personal commitments should not be scheduled on exam days and students are not permitted to take exams early under any circumstances.

A senior may be exempt from a final exam if he/she has (1) an average of A- or higher; (2) no unexcused absences in the course; and (3) no suspensions during the school year. Approximately ten school days prior to the end of the second semester (first semester for one semester courses), teachers will notify students who are exempt. Students will be expected to complete all assignments for the remainder of the semester, including collaborative activities associated with the final exam. Report cards will indicate those exams from which a student was exempted.

Make-up exams may only be allowed if an absence has been approved by an administrator. Such approval may occur when there is appropriate medical documentation, a death in the immediate family, or other extraordinary circumstances as approved by the student's administrator.

Students enrolled in Advanced Placement classes are required to take the Advanced Placement exams. Students who take the AP exam are then exempt from a class final exam unless they are also seeking ECE credit. In this case, they must also take the ECE exam.

**Report Cards.** Report cards are mailed home at the end of each quarter. The final grades for each course will be rolled over to the student's transcripts at the end of the school year. Students and parents may check ongoing student progress through the PowerSchool student/parent portal systems.

**Indebtedness.** Students with outstanding obligations may not be permitted to participate in certain school activities (including Homecoming, Prom and Senior Reception). Additionally, certifications, report cards, diplomas and other information may not be released for students who have outstanding financial obligations, and seniors could jeopardize participation in graduation ceremonies if their financial responsibilities are not satisfied.

**Nationwide Examinations.** There are four major tests used for college admissions and scholarships. Changes may occur at any time, so students should check with counselors concerning specific tests. (The South Windsor High School "Test Center Code" is 070700.)

The **Preliminary Scholastic Aptitude Test (PSAT)/National Merit Scholarship Qualifying Test (NMSQT)** is used to familiarize students with the college boards. It is also the basis of awarding National Merit Scholarship funds. The PSAT will be given on **October 11, 2017** to all sophomores and juniors during the school day.

The **Scholastic Assessment Test (Reasoning Test) College Entrance Exam** is one of the admission requirements of most four-year colleges. This test is given at selected secondary schools on dates specified by the College Entrance Examination Board (CEEB). In addition to the SAT, a number of colleges also require one or more Subject Tests for admission. Both the SAT and Subject Tests are offered on the following dates:

- October 7, 2017
- March 10, 2018
- August 25, 2018
- November 4, 2017
- May 5, 2018
- December 2, 2017
- June 2, 2018

A number of colleges prefer the **ACT**. These tests are given six times a year on specified dates in September, October, December, February, April and June. This test is administered at East Hartford High School and other nearby test centers. For more information go to [www.atc.org](http://www.atc.org) The Armed Services Vocational Aptitude Battery Test (**ASVAB Test**) will be administered at South Windsor High School on December 7, 2017.

**English Learners.** Parents of identified English Learner (EL) students will be notified of their child's qualification. Students in the EL program will be

assessed annually using the state mandated English proficiency test. In addition, any EL student with beginning proficiency in English may be eligible to receive pass/fail grades for their courses. South Windsor High School offers four levels of ESOL courses as well as sheltered instruction English and Social Studies courses, all of which grant high school credits. EL students receive instruction in English as well as tutor support in academic courses.

**Field Trips.** Field trips are carefully planned educational experiences and are part of the curriculum. Transportation to and from must be by a school provided bus. Each student must complete and return a signed permission slip before participating in any field trip or school sponsored activity. A student may be denied attendance on a field trip by an administrator for academic or behavioral reasons. Students may not have more than two failing quarter grades on their report card from the previous quarter, in order to attend a school field trip. This includes full year and semester courses. Incomplete grades must be resolved before the date of the field trip. Students are reminded that all school rules are in effect during all school field trips. Furthermore, personal belongings lost while on a field trip or other school sponsored activity are not insured by the district.

South Windsor Board of Education is the sponsor of the field trips. Given the uncertainty of global events and the concern for the safety of participants, South Windsor BoE reserves the right to cancel a trip without any liability to participants. Should any field trip be canceled for the reason of safety, the South Windsor BoE, its staff and agents, assume no responsibility or liability for financial loss, inconvenience or disappointment as a result of the cancellation. If a field trip is canceled, students will not suffer any negative academic consequences.

## HEALTH SERVICES

---

The nurse's office is accessible to all students during the school day. Except in an emergency, any student who wishes to see the nurse must obtain a pass before coming to the Health Room. If a student becomes ill during the school day, the nurse will contact a parent for a medical dismissal.

Emergency contacts and medical information needs to be updated at the start of each school year via ParentPortal in PowerSchool.

**All accidents or injuries on school property must be reported to the nurse within 24 hours.** If a student has a serious illness or accident out of school, the parent should inform the nurse about the student's health condition. Any student who wishes to be excused from physical education class, or who requires use of the elevator, must bring a written doctor's note to the nurse before reporting to class.

**Fever:** If a student has a temperature over 100.0 he/she will be sent home. The student may return to school after the temperature is normal (under 100.0) for 24 hours without acetaminophen (Tylenol) or other fever reducers.

**Infections:** Student is excluded from school until he/she has been under medical treatment for 24 hours and cleared for a return to school by a physician.

**Student Accident Insurance:** It is the responsibility of parents to provide health insurance coverage for their children. The South Windsor Board of Education does not indemnify parents who do not have insurance for their children. Student accident insurance is offered to all parents at a modest cost. Literature is sent home with students at the beginning of the school year and is always available at the school office. The South Windsor Board of Education approves the offering of student accident insurance, but it does not act as agent, administrator, nor arbitrator should a dispute or claim arise.

The student accident insurance does not cover interscholastic sports as the Board of Education provides this coverage separately. More information regarding interscholastic sports insurance can be found in the Athletic Handbook.

### **Medication Administration. Medications to be given during the school day**

Except as noted, no prescription or over-the-counter medication may be administered without:

1. The written order of a licensed physician, licensed dentist, licensed optometrist, licensed advanced practice registered nurse or licensed physician assistant and
2. The written authorization of a parent or guardian.

Prescribed medications shall be administered to, and taken only by, the person for whom the prescription has been written. Medication must be in the original container and labeled with the student's name, drug, and strength. Students **MAY NOT transport** medication. **All medications must be brought in and picked up by a parent/guardian or emergency contact listed in PowerSchool.** During the school day or on field trips in the absence of a licensed nurse, only principals and teachers who have been properly trained may administer medications to students. Principals and teachers may administer oral, topical, inhalant, intranasal or auto-injector cartridge medications. Any scheduled medications and medications to be given on an "as needed" basis that are available in the school will be sent on field trips.

Students may carry their own medications with the written consent of both the licensed prescriber and the parent. Controlled (narcotic) medications may not be carried by the student.

**Extracurricular Activities.** If a student requires medication during an extracurricular activity, the responsibility for administering the medication would fall on the student (with prior written approval by the prescriber and the parent) or to the parent prior to the activity. Per state regulations principals and teachers may not administer any medications during extracurricular activities.

**Athletics.** Certified coaches and athletic trainers may administer inhalers and cartridge injectors for allergic reactions for those students who have not been cleared to self-carry. The written order of the licensed prescriber and the written authorization of the parent is required. An additional inhaler or cartridge injector must be provided by the parent to the coach for use during sports.

**Acetaminophen.** With written permission from the parent or guardian, Acetaminophen (Tylenol) may be given by the school nurse for afebrile headaches, menstrual cramps and orthodontic pain. **Ibuprofen** may be given for menstrual cramps or orthodontic pain but must be supplied by the parent in the original container with written permission. Please see the nurse website for the "Parent Permission Form for Tylenol/Ibuprofen".

Any student found consuming unauthorized medications or transferring medication to another student, and/or in possession of such medication(s) will be subject to disciplinary action.

**Health Assessment and Immunizations.** All currently enrolled students must submit a completed Blue State Health Assessment Record prior to the first day of grade 11. All items with an asterisk (\*) on the Health Assessment Record must be completely filled out by the physician, APRN or PA performing the exam. Physical exams done after the first day of grade 9 are accepted. Students enrolling from out of state must have a physical exam completed within one year prior to entry.

## STUDENT SERVICES

---

**Media Center.** The Media Center resources are available to students and faculty before, during and after school. This includes the MakerSpace, 3D printer, and our multi-media collection which offers print and non-print resources. Books, magazines, newspapers, audio books, DVD's, computers and audio visual equipment are located in the facility. Online databases covering a

variety of subjects and our eBook collection can be found on the Media Center's webpage. These resources can be accessed directly from within the school or from home by signing into the school issued Google @apps account. Books, magazines and audio books may be checked out for 20 school days. DVD's and audio visual equipment may be checked out for a shorter loan period. Materials overdue by 30 days or more will be considered lost. Students will be charged for the cost of the materials unless they are returned within the timeline designated on the overdue notice.

The Media Center offers students and classes a place for reading, research and study. Students are asked to respect others by demonstrating appropriate behavior. Food and drink are not permitted in the facility. Students wishing to come to the Media Center during their study hall or lunch wave must obtain a pass in advance from Media Center staff. All students must sign in upon entering the Media Center. The Media Center staff is always available to assist with any questions or concerns.

**Media Release.** The use of photographs and video can help provide insight into student learning and helps us communicate with the South Windsor Public Schools community. Periodically, the media will seek to write about, film, or photograph an event at your child's school. During these occasions, a reporter might ask permission to publish the first and last name or an image of our students. When such circumstances occur, we wish to cooperate. Student pictures, videos, and first/last names may also be used by South Windsor Public Schools for teacher professional development, newsletter/publications, presentations to families, and school related websites. The Media Release Authorization is part of the annual student information update in ParentPortal. The consent becomes effective upon admission into, and ends when the student withdraws or graduates from, South Windsor Public Schools.

## FOOD SERVICES

---

**Breakfast and Lunch Options.** A variety of breakfast and lunch options are available to students. It is the intent of the Board of Education that schools take a proactive effort to encourage students to make nutritious food choices. Food and beverages offered for sale to students will meet federal and state standards and guidelines. Additional information regarding food choices and menu options is available on the district website.

The cafeteria will be open during morning study halls and all lunch waves; food may not be purchased by students to bring to class or during homeroom. The cafeteria will be closed at the conclusion of the last lunch wave. Items may be purchased through the Point of Sale system or with cash. Food may not be delivered to students by outside vendors (i.e., pizza). Parents who need to drop off forgotten lunches may bring items to the main office.

Families may be eligible for free or reduced price meals based on federal family income guidelines. Application forms are available from the main office or from the food services section of the district website.

**Lunch Charging.** When a student is without funds or food, the district will provide a meal (or milk) replacement as a courtesy to parents, who remain responsible for all costs. Continued occurrences may result in the district providing an alternative meal only. Repeat occurrences will be referred to the school principal to determine whether additional assistance is necessary. Funds from the non-profit school food service account, according to federal regulations, cannot be used to cover the cost of meals served that have not been paid. **The District does not allow students to charge their meals.** Running an account in the deficit is not allowed by the District. The food service department's complete procedures regarding meal service to students without funds or food can be found on the district's website under Food Services.

**Food Allergies.** The school is committed to providing a safe environment for students with food allergies and to support parents regarding food allergy

management. A plan based upon guidelines promulgated by the State Department of Education will be implemented for each student for the management of students with life-threatening food allergies and glycogen storage disease.

Substitutions to the regular meal provided by the school will be made for students who are unable to eat school meals because of their disabilities, when that need is certified in writing by a physician. Meal services will be provided in the most integrated setting appropriate to the needs of the disabled student. An Individualized Health Care Plan (IHCP) and an Emergency Care Plan (ECP) shall be developed and implemented for students identified with food allergies. Such students may also be eligible for accommodations and services under Section 504 and special education law. The District's specific plan for managing students with life-threatening food allergies is posted on the District website.

A student with glycogen storage disease is permitted to have a parent/guardian or a person they so designate to provide food or dietary supplements on school grounds during the school day.

## SPECIAL EDUCATION/PUPIL SERVICES

---

The district provides special programs such as but not limited to, gifted and talented, bilingual, learning disabilities and for those with other disabilities which affect a student's success at school. A student or parent with questions about these programs should contact (name, title of staff); the coordinator of each program is available to answer questions about eligibility requirements, programs and services offered in the district or by other organizations.

The District utilizes the Response to Intervention (RTI) process which combines systematic assessment, decision-making and a multi-tiered delivery model to improve educational and behavioral outcomes for all students. Academic and behavioral support and targeted interventions will be provided for students who are not making academic progress at expected levels in the general curriculum.

For students in need of Special Education programs, a planning and placement team (PPT) is designed to provide communication and decision-making at the school level concerning the effective use of available resources. The team is also responsible for follow-up and periodic review of all students presently in Special Education and special services programs.

Any child identified as possibly needing special education and/or related services must be referred to a special education Planning & Placement Team for evaluation (PPT). The PPT will determine whether special education services are required. Parents must give their consent before any evaluation can be done or any services can begin. An Individualized Education Plan, based upon the diagnostic findings of the evaluation study will be developed by the PPT, with parental involvement. Parents will be informed regarding the use of scientific, research-based interventions. Parents have the right to have the school paraprofessional assigned to their child, if any, attend and participate in PPT meetings. Parents, as required by law, will be provided information at PPT meetings about their right to have advisors and paraprofessional attend PPT meetings.

**Seclusion and Restraint (Use of).** The Board of Education seeks to foster a safe and positive learning environment for all students. In accordance with policy and accompanying regulations, South Windsor Board of Education employees will restrict the use of physical restraint or seclusion of students to emergency situations if needed to maintain the safety of the student or another individual. The use of restraint or seclusion will be used only by trained school staff in emergency situations only to prevent immediate or imminent injury to a student or others. Restraint or seclusion will not be used to discipline a student or because it is convenient or instead of a less restrictive alternative. Such use will also be constantly monitored by a school employee. When used,

parents will be notified within 24 hours, but a reasonable attempt will be made to notify parents/guardians immediately after restraint or seclusion is initiated.

**Psychotropic Drug Use.** School personnel are prohibited from recommending the use of psychotropic drugs for any student enrolled within the school system. School nurses, nurse practitioners, district medical advisor, school psychologists, school social workers and school counselors, may recommend that a student be evaluated by an appropriate medical practitioner. Further, the District is prohibited from requiring a child to get a prescription before he/she may attend school, be evaluated to determine eligibility for special education or receive special education.

**Homeless Students.** The Board shall make reasonable efforts to identify homeless children within the district, encourage their enrollment and eliminate existing barriers to their education, which may exist in district policies or practices, in compliance with all applicable federal and state laws. Further, it is the policy of the Board of Education that no child or youth shall be discriminated against or stigmatized in this school district because of homelessness. Homeless students, as defined by federal and state statutes, residing within the district or residing in temporary shelters in the district are entitled to free school privileges.

## TRANSPORTATION

---

South Windsor Public Schools provides transportation in accordance with transportation policies. Bus stops are arranged at centralized locations. Students are expected to conform to appropriate standards of behavior while being transported to and from school. Transportation may be denied to any student who does not behave properly on the bus. The decision to withhold transportation rests with the principal of the school, and in each case parents will be informed.

Parents with joint custody of a student must fill out an annual Special Transportation Request to ensure transportation is available at each home. Any changes to a student's address which occur during the school year must be updated through our central registration office. Parents should submit a "Change of Address Request Form" (available on the district website) plus the required proof of residency documents to the registrar's office at 1737 Main Street, South Windsor (Ellsworth building).

If the building principal is not available to respond to questions/concerns about transportation, parents should contact the district Transportation Office. Parents should not board the bus or discuss any transportation issues with the bus driver, or contact the bus company or bus management to report problems or ask questions.

**Video cameras are installed on all South Windsor school buses for the purposes of supplementing security measures and ensuring safety. Bus videos are not available to be viewed by parents or students.**

**Bus Rules and Regulations.** All students are expected to: (1) arrive at the bus stop 5 minutes before the bus is scheduled to arrive; (2) wait on the sidewalk or curbside, stand back ten feet from the road when possible; and (3) when on the bus, remain seated throughout the bus ride. All school rules are in effect at the bus stop.

**Emergency Bus Transportation.** Students are expected to ride the bus to which he or she is assigned. If a student needs to ride a different bus, students should bring a note signed by a parent to the main office before 10:00 a.m. The note should indicate the student's name, date, the name of the student with whom he/she will be traveling, and the bus number of the alternate bus. Students may pick up their bus pass from the main office during lunch or after school.

**Late Buses.** Late bus transportation is generally available every Monday, Wednesday, and Thursday for those students required to stay after school for school-related business. Late buses leave from the front of the high school

promptly at 4:00 p.m. Students riding the late bus **MUST** have a Late Bus Pass issued by the teacher with whom he/she is working after school. **The main office will not issue late bus passes except in the event of extreme emergency.** The late bus route schedule is posted on the district and school websites, as well as outside the main office. Students should check bus routes to ensure being dropped off at a point nearest their residence. Late buses will be cancelled in the event of early dismissals due to inclement weather or other emergencies. Conduct on late buses is expected to comply with the Bus Rules and Regulations.

**Exam Buses.** During exams, the school runs a limited number of buses at dismissal. Buses will follow the Exam Bus Routes listed on the school website and posted outside the main office. Students should check bus routes to ensure being dropped off at a point nearest their residence.

**Student Parking.** Parking is reserved primarily for seniors and students in other activities requiring on campus parking. **All** students are responsible for the parking fee. When all parking permits have been distributed, a waiting list will be established. Due to the limited availability of parking at the high school, we are often unable to offer parking to other students.

To register a vehicle for school parking, students must submit a completed SWHS Parking Application; a copy of their valid driver's license; a copy of vehicle registration; proof of insurance; and a fee of \$100 for full year parking. Seniors who have not received their license by August who wish to reserve a parking spot may submit a copy of their valid learner's permit, registration form and appropriate fees (passes will be held until all required items are provided).

All parking spots will be issued on a first come, first served basis. **Parking passes are non-transferable.** Students who park in the SWHS lot without an official permit, or who do not park in the designated student lot, will be subject to the following disciplinary consequences:

- **First offense:** Saturday Detention
- **Second offense:** Two (2) Saturday Detentions
- **Third offense:** Third offense students who continue to violate this rule will be considered habitual offenders and may lose the right to park in the lot in subsequent years, in addition to any other consequences.

Violations of school rules may result in disciplinary action including the revocation of the parking privilege. If a student's parking privilege is revoked due to disciplinary actions, parking fees will not be refunded. Students must park their vehicles upon arrival to school. Loitering of any kind is not allowed. When school is in session, students are not permitted to return to their vehicles without a staff escort. In the event of an accident, school personnel should be notified immediately.

The South Windsor Public Schools assumes no responsibility for damage to or theft of a vehicle or any item stored in or on a vehicle parked on school property. The speed limit for all school roadways, whether posted or not, is not to exceed **15 MPH**. Students must follow all posted traffic patterns. No item, the possession of which is illegal or in violation of school regulations or which endangers the health, safety or welfare of persons, shall be stored in or on a vehicle parked on school property. If administration believes that a vehicle driven to school is being used in a manner which may be injurious or illegal, it shall refer the matter to the police. If a student is suspected of being in possession of items such as drugs, alcohol or weapons, his/her vehicle may be searched by a School Safety Officer and/or Administration.

## E M E R G E N C Y   P R O C E D U R E S

---

**Emergency Response Drills.** Throughout the school year, students are expected to practice the appropriate actions, responses, and behaviors for emergency situations. These emergencies may include, but are not limited to, fire drills, intruder simulations, dangers from natural disasters (hurricane, severe lightning) or medical emergencies and evacuations. The purpose of

these drills is to give students a rehearsal of the expected behaviors so that in the unfortunate event of an emergency situation, students will respond in a safe manner. The key to making these drills successful is for each student to carefully follow the instructions of staff members. Any student who disregards safety drill protocol or instruction may be subject to disciplinary consequences.

**Lockdown.** If there is an emergency or hazardous condition in the building or on school grounds, an announcement will be made when a lockdown is necessary. The terms of the lockdown will be indicated in plain language. Barring any instructions that allow for movement or classroom activities to continue, students and faculty can/should assume the school is in full lockdown. Students should remain in the classroom out of sight and silent until an Administrator, Safety Officer, or First Responder comes to the room. Passage outside of the classroom is restricted; there is no movement in the building.

**Fire Alarm.** When a fire alarm sounds, students must leave the building according to directions posted in the classroom and reviewed by the teacher at the beginning of the school year. If the fire alarm sounds during passing time or lunch, students must leave the building by the nearest exit.

Fire extinguishers and fire alarms exist throughout the school for emergency reasons only. Intentionally pulling the fire alarm and/or misuse, tampering, and/or discharge of any fire extinguisher for any reason other than its intended use will result in serious school disciplinary action and referral to appropriate authorities.

**Defibrillators in Schools (AEDs).** Each school will have (1) one automatic external defibrillator (AED) and (2) school personnel trained in AED operation and cardio pulmonary resuscitation (CPR). The AED and trained personnel will be available during the school's normal operational hours, at school-sponsored athletic events and practices on school grounds and at school-sponsored events not taking place during normal school operational hours. The school also has an emergency action response plan addressing the use of trained school personnel to respond to individuals experiencing sudden cardiac arrest or similar life threatening emergencies.

**Student/Parent Reunification.** In the event of an emergency situation that warrants building evacuation or early school closing, the school is prepared to provide an orderly and coordinated reunification of students and families. It is imperative that parents/guardians cooperate with school personnel during the reunification process and follow the established procedures. In some situations, students will only be released to their parent/guardian; however, in some situations students may also be released to an emergency contact identified in PowerSchool. Because an emergency could involve the local police and fire departments, it is critical that the streets and parking lots surrounding the school be kept completely clear. Parents are not to come to the school to pick up their child(ren) unless directed to do by SchoolMessenger or a school administrator.

Teachers and administrators have the right to take disciplinary action against disruptive behavior in the classroom and the building. Disciplinary consequences may include but are not limited to detention, suspension, community service, or expulsion.

Additionally, students should be aware that the school campus is not immune to the law. Illegal acts of any kind will not be tolerated and can result in referral to the proper authorities. **Video cameras are installed at South Windsor High School for the purposes of supplementing security measures and ensuring safety. Videos are not available to be viewed by parents or students.**

A student may be removed from class by a teacher or administrator if he/she deliberately causes a serious disruption of the educational process. "Removal" is the exclusion of a student from a classroom for all or part of a single class period, provided such exclusion shall not extend beyond ninety (90) minutes. A student may not be removed from class more than six (6) times in one school year, nor more than twice in one week, unless the student is referred to the building principal or designee and granted an informal hearing at which the student should be informed of the reasons for the disciplinary action and given an opportunity to explain the situation. The parent/guardian of any minor student removed from class shall be given notice of such disciplinary action within 24 hours of the time the student was removed from class.

**Classroom Detentions.** Inappropriate behavior in class or study hall may be handled by a classroom detention assigned by a teacher. Students failing to report for a classroom detention will be assigned an office detention and will continue to receive detentions until it is served or the student is suspended. Advance notice of 24 hours will be given for each classroom detention.

**Office and Saturday Detentions.** An office detention will be given at the discretion of administration. Office detention is a penalty issued to students for infractions of school rules. The student will remain in detention from 2:15 p.m. – 3:45 p.m. Failure to serve an office detention may result in a Saturday detention. Saturday detentions are from 8:00 a.m. – 10:30 a.m. in room 102 unless otherwise posted. Students **will not** be admitted after 8:00 a.m. Guidelines for office detention/Saturday detention:

- The detention supervisor is in charge of detention. All school rules are in effect and will be enforced.
- The detention room is a quiet place to do academic work, including homework, reading, planning, etc. Socializing and sleeping are not permitted.
- Students are responsible for bringing enough homework and/or reading material to occupy their time during the detention. Students must also bring any necessary materials such as notebooks, pens, rulers, calculators, etc. The detention supervisor is not obligated to allow students to leave during detention.
- Food, beverages, games, radios or other electronic devices are not allowed in detention.
- Students who disrupt detention may be removed and assigned to at least two additional detentions and/or suspended from school.
- Students are to report to detention on the day(s) assigned. No student will be excused for athletics, extra-curricular activities, work, etc.

**Vandalism.** A student shall not intentionally cause or attempt to cause damage to public and/or private property, either on school grounds, during a school function, or at an event off school grounds. Intentionally causing or attempting to cause damage of public and/or private property may result in disciplinary action. ---

## STUDENT RESPONSIBILITIES

---

**Care of School Property.** All textbooks and equipment issued to students (including media center materials, athletic uniforms and equipment, etc.) should receive the best possible care. If any item issued by the school is lost or damaged, the student must pay for it. Students will be assessed for the cost of any damage done to the school building or property, including damage from skateboarding, ball throwing and destruction of signs. The parent or guardian of a minor child shall also be held liable for all property belonging to the school system lent to the student and not returned upon demand of the school system. - To ensure devices are functioning correctly, periodically, students may be required to return their Chromebooks for maintenance and compliance with BoE and school policies. All efforts will be made to ensure that this will not interfere with the student's use of the Chromebook for learning.

## SCHOOL RULES AND REGULATIONS

---

**Code of Academic Integrity.** Academic integrity means honesty and responsibility in scholarship.

The code of academic integrity represents an informal contract between all members of the school community and applies to all assignments, including but not limited to homework, tests, writing assignments and take-home projects. The grades from these assignments should be the result of a student's personal effort. When students fail to put forth maximum effort, submit honest work, or demonstrate self-respect, the value of their South Windsor High School diploma is compromised.

While we recognize and value collaboration (the responsible use of other's ideas and contributions toward the active development of one's own ideas), as a significant aspect of education, it is also necessary to outline the breaches of our community standards. The most serious of these include:

- Copying another's work
- Sharing one's academic work with another student unless permitted by teacher
- Submitting someone else's work as your own

- Failing to provide documentation when using outside reference material
- Using any materials that are forbidden and dishonest, such as cheat sheets and language translators
- Internet plagiarism—which includes using materials found on the internet without citing source or web page

The consequences of breaking the Code of Academic Integrity of South Windsor High School are serious.

- Teachers are required to notify school administration and parents when a student violates the Code of Academic Integrity.
- Students will receive a “0” for the work.
- Students may be expected to resubmit the assignment (without credit) to demonstrate competency.
- Repeated violation of this code will be treated as a habitual disregard of school rules and be subject to disciplinary consequences up to and including suspension.
- A violation of the policy may result in forfeiture of awards, recognition or non-admittance into the National Honor Society at South Windsor High School.

\*\*At discretion of the teacher: On the first offense as a high school student, students may be permitted to complete an alternative assignment for partial credit.\*\*

**Alcoholic Beverages/Drugs/Substance Abuse**. BoE Policy prohibits the possession, use, distribution or sale of alcoholic beverages or drugs on school property or at a school-sponsored event. The student will be suspended and the police will be notified. This rule applies to all school-related functions and/or activities whether held on or off school property, during the regular school day, in the evening, on weekends, or during school vacations. When administration has an indication that a student may be in possession of alcohol or may have consumed alcohol, the substance and/or the student may be tested using an alcohol detecting wand. An administrator will use the wand to test any substance suspected of containing alcohol, and will interview any student suspected of being under the influence of alcohol. If the student denies the consumption of alcohol, but other indicators suggest consumption to the administrator, the student will be given the opportunity to prove his or her position with the alcohol detection wand. If the student refuses to take the test the administrator will proceed as if the student had consumed alcohol.

Any student in the South Windsor Public Schools who, on school grounds, during a school session, or anywhere at a school-sponsored activity, is under the influence of, or possesses, uses, dispenses, distributes, sells, or aids in the procurement of alcohol, narcotics, restricted drugs, mood-altering substances, or drug paraphernalia shall be subject to discipline pursuant to the procedures outlined below:

- A. Any student found to be in violation of this policy for the first time will receive a suspension for up to ten (10) days. In addition, they may receive a referral for expulsion, following the procedures outlined in BoE policy. In cases of possession, distribution or sale, law enforcement officials will be notified. If a student is expelled for the sale or distribution of drugs or alcohol, the student may be referred to an appropriate drug counselor/ agency for evaluation and recommendation for rehabilitation. The name of the student will be sent to the commissioner of education within thirty (30) days after the student is expelled.
- B. In addition, the building administrator may refer the student to one or more alternative sources for assistance. These facilities may include in-school counseling; an alcohol or other drug abuse group being held on school property; community self-help groups, organized to assist

individuals with alcohol or drug problems; appropriate agencies that assess and treat substance abuse.

- C. Subsequent violations of this policy shall result in suspension(s) or expulsion, as appropriate, pursuant to BoE policy. In assessing discipline, administration and/or BoE may consider evidence of past disciplinary problems which led to removal, suspension, or expulsion.

**Tobacco/Electronic Cigarette Violations.** South Windsor High School, by Board of Education policy and in accordance with Connecticut state law, is maintained as a tobacco-free environment. Use of tobacco, including electronic cigarettes, is not allowed in the building, in vehicles owned or used by the school, or on the school's grounds at any time, by anyone. This prohibition applies to all South Windsor High School students attending and/or participating in all officially sanctioned activities, on or off school property. Students in possession of tobacco products are considered in violation of this rule. Students who are found in violation of this policy may be subject to disciplinary consequences.

**In addition to appropriate school discipline, a student who uses tobacco will be considered in violation of the SWHS Code of Conduct and will be subject to any and all consequences for violation of the Code of Conduct, including academic sanctions, as well as probation, suspension and dismissal from teams, honor societies and activities.**

**If a student is in possession of any items considered contraband including weapons, drugs, drug paraphernalia, alcohol, tobacco, e-cigarettes, vaporizers, etc., they will be confiscated, turned over to South Windsor police, and disposed of.**

**Bullying.** The South Windsor Board of Education is committed to creating and maintaining an educational environment that is physically, emotionally and intellectually safe and thus free from bullying, harassment and discrimination. In accordance with state law and the District Safe School Climate Plan, the Board expressly prohibits any form of bullying behavior on school grounds; at a school-sponsored or school-related activity, function or program, whether on or off school grounds; at a school bus stop; on a school bus or other vehicle owned, leased or used by a local or regional board of education; or through the use of an electronic device or an electronic mobile device owned, leased or used by Board of Education.

The Board also prohibits any form of bullying behavior outside of the school setting if such bullying (i) creates a hostile environment at school for the student against whom such bullying was directed, (ii) infringes on the rights of the student against whom such bullying was directed at school, or (iii) substantially disrupts the education process or the orderly operation of a school. Discrimination and/or retaliation against an individual who reports or assists in the investigation of an act of bullying are likewise prohibited. Students who engage in bullying behavior shall be subject to school discipline, up to and including expulsion, in accordance with the Board's policies on student discipline, suspension and expulsion, and consistent with state and federal law.

For purposes of this policy, "Bullying" means the repeated use by one or more students of a written, verbal or electronic communication (such as cyber bullying) directed at or referring to another student attending school in the same school district, or a physical act or gesture by one or more students repeatedly directed at another student attending school in the same school district, that:

- causes physical or emotional harm to such student or damage to such student's property;
- places such student in reasonable fear of harm to himself or herself, or of damage to his or her property;
- creates a hostile environment at school for such student;
- infringes on the rights of such student at school; or

- Substantially disrupts the education process or the orderly operation of a school.

Bullying shall include, but not be limited to, a written, verbal or electronic communication or physical act or gesture based on any differentiating characteristics, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, socioeconomic status, academic status, physical appearance, or mental, physical, developmental or sensory disability, or by association with an individual or group who has or is perceived to have one or more of such characteristics.

Cyberbullying means any act of bullying through the use of the Internet, interactive and digital technologies, cell phone or other electronic devices or any electronic communications.

Teen dating violence means any act of physical, emotional, or sexual abuse, including stalking, harassing, and threatening, that occurs between two students who are currently in or have recently been in a dating relationship.

Students and parents/guardians may file written reports concerning suspected bullying behavior. Such reports shall be reasonably specific as to the basis for the report, including the time and place of the alleged conduct, the number of incidents, the target of the suspected bullying, and the names of potential witnesses. Students may make anonymous reports of bullying to any school employee. Any report of suspected bullying behavior will be promptly reviewed. No disciplinary action will be taken solely on the basis of an anonymous complaint. If acts of bullying are verified, prompt disciplinary action may be taken against the perpetrator, consistent with his/her rights of due process.

The full policy can be found on the district website under "Board Policies."

**Hazing.** South Windsor Board of Education policy considers fraternities, sororities and other secret societies not in the best interest of the schools. Therefore no such group is recognized or encouraged in any way. No meeting or any other activities of any such group is permitted in any of the schools, nor may any staff member act as sponsor or advisor in any capacity for any such group. The Board of Education policy is designed to maintain a safe learning environment for students and staff that are free from hazing. Hazing activities of any type are inconsistent with the educational goals of the school district and are prohibited at all times.

**Reporting of child abuse/neglect/sexual assault:** The Board of Education has a legal and ethical obligation to report suspected child abuse, neglect and sexual assault. Mandated reporters include all school employees, including the superintendent, administrators, teachers, substitute teachers, guidance counselors, school paraprofessionals and athletic coaches, as well as licensed nurses, physicians, psychologists and social workers who are either employed by the Board or who work in one of the district's schools, or any other person who in the performance of his or her duties has regular contact with students and who provides services to or on behalf of students enrolled in South Windsor Public Schools. Such individual(s) who have reasonable cause to suspect or believe that a child has been abused, neglected, placed in imminent risk of serious harm, or sexually assaulted by a school employee is required to report such abuse, neglect or risk and/or sexual assault. A mandated reporter's suspicions may be based on factors including, but not limited to, observations, allegations, facts by a child, victim or third party. Suspicion or belief does not require certainty or probable cause.

The District shall provide in-service training regarding the requirements and obligations of mandated reporters to each employee, and each school employee is required to complete a refresher training program, not later than three years after completion of the initial training program. The Principal of each school in the district shall annually certify to the Superintendent that each school employee working at such school has completed the required training.

State law prohibits retaliation against a mandated reporter for fulfilling his/her obligations to report suspected child abuse or neglect. The Board shall not retaliate against any mandated reporter for his/her compliance with the law and Board policy pertaining to the reporting of suspected child abuse and neglect.

**Sexual Harassment:** It is the policy of the Board of Education that any form of sex discrimination or sexual harassment is prohibited, whether by students, Board employees or third parties subject to the control of the Board. Students, Board employees and third parties are expected to adhere to a standard of conduct that is respectful of the rights of students. Any student or employee who engages in conduct prohibited by this policy shall be subject to disciplinary action.

Sex discrimination occurs when a person, because of his or her sex, is denied participation in or the benefits of any education program receiving federal financial assistance.

In a school setting, sexual harassment is conduct that 1) is sexual in nature; 2) is unwelcome; and 3) denies or limits a student's ability to participate in or benefit from a school's educational program. Sexual harassment can be verbal, nonverbal or physical. Sexual violence is a form of sexual harassment. Sexual harassment creates a hostile environment if the conduct is sufficiently severe or pervasive such that it interferes with or limits a student's ability to participate in or benefit from the school's program. Although not an exhaustive list, the following are examples of sexual conduct prohibited by this policy:

1. Statements or other conduct indicating that a student's submission to, or rejection of, sexual overtures or advances will affect the student's grades and/or other academic progress.
2. Unwelcome attention and/or advances of a sexual nature, including verbal comments, sexual invitations, leering and physical touching.
3. Display of sexually suggestive objects, or use of sexually suggestive or obscene remarks, invitations, letters, emails, text messages, notes, slurs, jokes, pictures, cartoons, epithets or gestures.
4. Touching of a sexual nature or telling sexual or dirty jokes.
5. Transmitting or displaying emails or websites of a sexual nature.
6. Using computer systems, including email, instant messaging, text messaging, blogging or the use of social networking websites, or other forms of electronic communications, to engage in any conduct prohibited by this policy.

Sexual violence is a form of sexual harassment. For purposes of Board policy, sexual violence refers to physical acts that are sexual in nature, perpetrated against a person's will or where a person is incapable of giving consent due to the victim's use of drugs or alcohol.

It is the express policy of the Board of Education to encourage victims of sex discrimination or sexual harassment to report such claims to the appropriate personnel, as set forth in the Administrative Regulations implementing this Policy. Any student who believes he or she has been subject to sexual harassment should report the incident immediately to the principal, associate principal or school counselor. The district will investigate such complaints promptly, take interim measures, and take corrective action where appropriate. The district will maintain confidentiality to the extent appropriate. The district will not tolerate any reprisals or retaliation that occur as a result of the good faith reporting of charges of sexual harassment or sex discrimination. Any such substantiated reprisals or retaliation will result in disciplinary action against the retaliator.

Sex discrimination and/or sexual harassment may also constitute bullying behavior under the Board's Bullying Behavior in the Schools Policy.

**Electronic Devices.** The Board adopted this policy in order to promote an educational environment that is safe and secure for district students and

employees. The board establishes that the acceptable use of electronic devices is to support instruction and as a means of communication under approved circumstances.

Electronic devices shall include all devices that can take photographs, record audio or video data; store, transmit or receive messages or images; or provide a wireless, filtered or unfiltered connection to the internet. Examples of these electronic devices include, but shall not be limited to, iPads, iPods, MP3 players, DVD players, handheld game consoles, cellular or mobile telephones, BlackBerries, and laptop or tablet computers, as well as any new technology developed with similar capabilities.

Students may possess privately owned or district issued electronic devices during the school day and at school sponsored events. The use of these devices is governed by administrative regulations. **The possession and use of electronic devices within South Windsor Public Schools is a privilege and a responsibility, not a right. Inappropriate use will result in loss of privileges.** The District is not responsible for preventing theft, loss, damage or vandalism to electronic devices brought onto its property.

Privately owned electronic devices may not be used during instructional time, except as specifically permitted by instructional staff. Use of any such device for an improper purpose is prohibited.

Improper usage includes, but is not limited to, the following:

- Sending any form of harassing, threatening or intimidating message, at any time, to any person (such communications may also be a crime);
- Taking, storing, disseminating, transferring, viewing, or sharing obscene, pornographic, lewd or otherwise illegal images or photographs, whether by electronic data transfer or other means, including but not limited to texting and emailing (such communication may also be a crime);
- Gaining or seeking to gain unauthorized access to district technology resources;
- Damaging district technology resources;
- Cyber-bullying;
- Using such devices to violate any school rule, including the unauthorized recording (photographic or audio) of another student or school staff member without the permission of that student or staff member;
- Taking any action prohibited by any federal or state law.

A school employee may take custody of a student's personal mobile electronic device if such device is located on school property and the school employee has a reasonable suspicion that a student has violated or is violating an educational policy and that such device contains evidence of the suspected violation, or poses a risk of imminent personal injury to such student or others. Upon taking custody of a student's personal mobile electronic device, the school employee shall immediately turn over such device to a school administrator. A school administrator may conduct a search of a student's personal mobile electronic device seized pursuant to subsection (b) of this section. Any such search shall:

- (1) Be strictly limited to finding evidence of the suspected policy violation or to prevent imminent personal injury to such student or others; and
- (2) Immediately cease upon (A) finding sufficient evidence or no evidence of the suspected violation, or (B) preventing such imminent personal injury to such student or others.

All searches will be logged and the reasonable suspicion for the search will be included in the log entry. As soon as possible but no later than 24 hours of the search the administrator will notify the student and the parent or guardian of the student of the suspected violation and what data was accessed from such device during the search.

The confiscated item shall be returned to the child's parent/guardian unless administration deems it appropriate to return to the student at the close of the instructional day.

**Social Media.** Students who opt to use social media applications should recognize that any communication including messages, posts, images, videos, etc., that have a direct carryover and/or impact into the school environment may be grounds for discipline. For student-athletes, the director of athletics will be informed of any such discipline and the director or coach may impose further disciplinary consequences.

**Dress Code.** The South Windsor Board of Education has established a policy on student dress and grooming that is designed to promote a school climate that is positive, safe, and free of distractions and disruptions. Students are expected to dress in a modest and appropriate manner. In order to meet these expectations, we have established guidelines to identify clothing that is contrary to this policy and, therefore, not permitted in school during the academic school day. Students who violate the policy will be asked to change or will be prohibited from returning to class.

To create the atmosphere described above, our dress code prohibits:

- Distracting clothing that reveals the upper thigh, midriff, or torso, including but not limited to see-through clothing, mini-shorts or skirts, garments that reveal undergarments, and garments with revealing necklines;
- Footwear which marks/damages floors or is a safety hazard;
- Sunglasses (unless required by a doctor's order);
- Spiked or studded bracelets, rings, belts, etc.;
- Attire or accessories that portray disruptive writing, pictures or sexual references, or that depict logos or emblems that encourage the use of drugs, alcohol, violence or tobacco products;
- Apparel that is worn to symbolize membership in a gang or clique.

**Fundraising.** Students seeking to raise funds for any group or activity are required to complete a "Fundraising Form" and have it approved by a building administrator prior to the event. Forms are available in the main office, and may also be downloaded from the school website.

**Lockers.** All current sophomores, juniors, and seniors will retain the locker held the previous school year. All incoming 9<sup>th</sup> graders will be assigned a locker during Freshman Orientation Day. All students must provide their own locks. All new students to South Windsor High School and any students who missed Freshman Orientation Day can complete/submit a locker request form through a Safety Officer at the Welcome Desk. (Students who are taking Physical Education will also have access to a locker in the locker room.)

All school issued lockers should be utilized by students for school appropriate items and should be locked. Locks attached to unassigned lockers may be cut off at the student's expense. Students are not to share locks, lock combinations, or lockers with other students. Students who disregard this rule will be held accountable and responsible for the contents of the locker.

All students are required to provide the combination number to their locks on the **Locker Request Form** (which will be kept in a confidential location). If deemed necessary by administration, the lockers may be opened at the discretion of school administration or the school resource officer, as outlined below. If the office does not receive the combination, the locks may be cut off (without reimbursement) and the contents will be removed.

Students are requested to avoid bringing items of value (i.e., iPods, phones, money, jewelry, etc.) to school to store in lockers. **The school is not responsible for lost books or lost or stolen personal belongings, including items stolen from lockers in the building and locker room.**

Students are responsible for the care and maintenance of lockers assigned to them. No defacing will be permitted. Students are requested not to overload their lockers as this can damage the door and locking mechanism. The main office should be notified of any locker needing repair.

Students are not to store in their lockers any item which is illegal, or in violation of school regulations, or which endangers the health, safety, or welfare of self or others (matches, chemicals, ammunition, weapons, drugs,

alcoholic beverages, etc.). School officials may, on their own or in conjunction with police, open, search, and inspect any locker where there is reasonable suspicion that it contains unlawful or dangerous items or that it is not being kept in a sanitary condition. If a police dog detects the presence of drugs in a student's locker, car, or other property, an administrator will interview that student regarding the findings, and the student will be subjected to a conventional search to confirm the presence of the drug. These searches will be conducted within South Windsor BoE policy. Evidence obtained in such a search may be used in school disciplinary and/or law enforcement actions.

## FACILITIES

---

**Pesticide Application.** It is the policy of the South Windsor Board of Education to implement an integrated pest management plan to reduce the amounts of pesticides applied in any building, or the grounds of any South Windsor public school, by using all available pest control techniques including judicious use of pesticides, when warranted, to maintain a pest population at or below an acceptable level, while decreasing the use of pesticides. The decision to apply pesticide in any building, or the grounds of any South Windsor public school is dependent on results of periodic monitoring for pest populations to determine if a pest problem exists that exceeds acceptable threshold levels.

No application of pesticide shall be made in any building, or the grounds of any South Windsor public school during regular school hours or during planned activities at any school except as provided by Connecticut statute or regulation.

Parents or guardians of children in any school and/or staff members in any school may register for prior notice of pesticide application at their school. Each school shall maintain a registry of persons requesting such notice, and shall provide notice to registered individuals in accordance with applicable Connecticut statutory and regulatory provisions.

**Green Cleaning Programs.** A green cleaning program provides for the procurement and proper use of environmentally preferable cleaning products in the school. The cleaning products used meet standards approved by the Department of Administrative Services and minimize potential harmful effects on human health and the environment. Parents/Guardians may request a written copy of the District's policy pertaining to the green cleaning program and a written statement which includes the names and types of environmentally preferable cleaning products used in the school and where in the building they are applied; the schedule for applying the products; and the names of the school administrator or designee whom the parent/guardian or student may contact for more information. **No parent, guardian, teacher, or staff member may bring into the school facility any consumer product which is intended to clean, deodorize, sanitize or disinfect**
