

Imagine if you were given \$100,000?

Would you spend it all at once? Would you put some of it in the bank? We'd like to teach you how to invest it, so you might *grow it*. Through The Stock Market Game (SMG), participants will gain a fundamental understanding of investing and how you might get your money to work for you. Guest Speakers will also attend classes and present business information for young investors and entrepreneurs. Presenters in past sessions have represented businesses including Subway, Dave and Buster's and WalMart/Sam'sClub!

The Stock Market Game will also help you do better in school. When you participate in The Stock Market Game, you are in a real-world situation where you practice the content and skills you're taught in Math, English/Language Arts, Social Studies, and other classes. Most importantly, The Stock Market Game will help you develop positive money habits and prepare you for your future.
