## South Windsor Public Schools

## Summer Math Activities

## For Students Entering Grade 1

In this packet you will find a calendar of fun math activities for July and August.
This calendar is meant to provide you with ideas to help you and your child continue thinking about math. These activities are optional. You may choose to do as many of these activities as you would like each day, and you may do them in any order. The key is to enjoy math! We can't wait to see you in the fall!

Don't forget to keep enjoying DreamBox this summer!

Check off the boxes you have completed. You are always welcome to keep using DreamBox!

| Write the names of the <br> people in your house. Count <br> the letters in each and circle <br> the name that has the most <br> letters. | Look at a calendar and count <br> how many Fridays are in July <br> and August. | Hop around your yard on one <br> leg. How many hops does it <br> take to go around? | Play DreamBox for at least 20 <br> minutes. How many coins <br> did you earn? | Dyvia has 5 candy fireballs. <br> She shares 2 of them with her <br> little sister. How many <br> fireballs does Dyvia have <br> now? Show your answer with <br> numbers and pictures. |
| :--- | :--- | :--- | :--- | :--- |
| Skip-Counting by 10's to 100. <br> Try skip-counting by 2's to 20 <br> or more. | Play a board game with <br> family or friends. | Play DreamBox for at least 20 <br> minutes. How many coins <br> did you earn? | Count how many jumping <br> jacks you can do in 1 minute. | Use paperclips to measure <br> the length of 2 objects in <br> your house. Which is longer? <br> Shorter? Are they the same? |
| Play DreamBox for at least 20 <br> minutes. How many coins <br> did you earn? | Think of as many ways as you <br> can to add and subtract <br> numbers to equal 5. Record <br> what you find on a piece of <br> paper with numbers and <br> pictures. | Play "I-Spy" (shapes, colors, <br> number of windows, etc.) Use <br> tally marks to record how <br> many you find. | Get a handful of coins. Sort <br> them into groups. | Help set the table for a meal. <br> How many people are there? <br> How many forks, spoons, and <br> knives do you need? Do you <br> see a pattern? |
| Help with grocery shopping: <br> count the fruits or vegetables <br> as they go in a shopping bag. | Write the numbers 6-12. <br> Draw objects to match each <br> number. | Kyra saw 3 birds in the tree <br> and 2 birds on the porch. Use <br> numbers and pictures to <br> show how many birds Kyra <br> saw. | Count as high as you can. | Draw shapes with chalk <br> outside. How many can you <br> draw? |

## Check off the boxes you have completed. You are always welcome to keep using DreamBox!

| Go on a 2-D and 3-D Shape Hunt. Look for items shaped like a circle, square, cube, sphere, rectangle, cylinder, and triangle in your house. | Run around your yard or a park. Have someone time you. Can you run around again, and get the same time? | Count backwards from ten. Try it again from 20. | Listen to your favorite summer song on the radio. Clap your hands to the beat. | Play DreamBox for at least 20 minutes. How many coins did you earn? |
| :---: | :---: | :---: | :---: | :---: |
| Favorite Ice Cream Survey Take a survey of people's favorite ice cream flavor. Use tally marks next to record the number of people who select each flavor. | Ice cream graph - Use the data from your favorite ice cream survey to make a bar graph. | Fill in the missing numbers in each row: 8, $11, \ldots$ <br> 4, $\qquad$ $\qquad$ , 7 <br> 18, $\qquad$ $\qquad$ $\qquad$ , 1, 2 | Play DreamBox for at least 20 minutes. How many coins did you earn? | Run around your yard. How many steps does it take? |
| Byron is putting his stuffed animals on his bed. He has 5 bears and 3 dogs. How many stuffed animals does Byron have on his bed? Use pictures and numbers to solve. | Play DreamBox for at least 20 minutes. How many coins did you earn? | Have an ice cream cone. Count the number of letters in the name of the flavor you have. | Write the numbers $11-15$. Draw triangles to match each number. | Count how many days are left until the first day of school! |
| Are there more doors or windows in your house? Count them to find out. | Count all of the spoons in your house. | Sadie brought 7 grapes for a snack. She ate 2 grapes in the morning. How many grapes did she have left for the afternoon? Use pictures and numbers to solve. | Write the numbers $16-20$. Draw circles to match each number. | Count something that you have a lot of at your house. What did you count? How many are there? |

Revised 6/2023

## Grade t Math Ideas
